Madam:

This responds to the July 21, 2005 Notification of Missing Requirements in above-identified U.S. patent application. Foreign counsel for the PCT application, Bioleaders Corp., has advised the undersigned attorney that inventors Poo and Lee are, in fact, true co-inventors of the subject matter disclosed and claimed in the instant U.S. application and that their names were unintentionally omitted from International Patent Application PCT/KR2003/001369 at the time of filing due to an error by "Bioleaders Corp."

A copy of the Declaration and Power of Attorney executed by all co-inventors, including co-inventors Poo and Lee, as submitted to the USPTO on January 6, 2005 properly identifying the international application and international application filing date, and a copy of the July 21, 2005 Notification of Missing Requirements, are additionally enclosed herewith.

Therefore, the Declaration and Power of Attorney document already submitted in U.S. Patent Application No. 10/520,557 is fully accurate and in compliance with the requirements of 37 CFR 1.497(a) and (b). Further, since the Declaration and Power of Attorney document was submitted at the time of filing of the referenced application, no late filing fee is required. It is correspondingly requested that the Notification of Missing Requirements be withdrawn and that the instant U.S. application now be passed to examination on the merits.

Respectfully submitted,

Steven J. Hultquist
